Patent Pending

## NEW SPINDLE COOLING TECHNOLOGY

GROUND FORCE REVOLUTIONARY DESIGN

EXCLUSIVE FOR THE GMT 800 TRUCKS - PART #6010

DESIGNED - ENGINEERED - MANUFACTURED

### Multi Leaf

Part #	Year	Application
3013	95-02	Astro/Safari 2.5" Leaf
3017	04-08	Canyon/Colorado 3" Rear Drop Leaf Z-85 (Z-Q8 1" Only)
3018	04-08	Ford F-150 4.0" Drop Leaf (Reg. Cab)
3019	99-07	C-1500 Reg Cab Short/Long Bed 4" Leaf (07 Classic)
3019	99-07	C-1500 Ext Cab Short Bed 4.5-5" Leaf (07 Classic)
19660	99-07	C-1500 Bump Stop Kit - Carrier Bearing Relocator (07 Classic)
19663	99-07	C-1500 Bump Stop Rear Kit (07 Classic)

### HD Torsion Keys - Powder Coated

Part #	Year	Application
3808	99-06	GM HD 2500 (2WD/4WD) (Torsion keys) (May require front shock upgrade)

# LOWERING SYSTEMS

## Spindles - Heat Treated Axle Shaft / Powder Coated

Part #	Year	Application
6000	73-87	C-10 (with 1" rotor) 2.5" Spindle Kit
6001	73-87	C-10, 73-90 1/2 Ton Jim/Blz/Sub (with 1.25" rotor) 2.5" spindle
6002	82-04	S-10 PU, 82-97 Jimmy/Blazer 2" Spindle Kit
	80-87	Buick-Regal, Grand National
	80-87	Chevy El Camino, Malibu, Monte Carlo
	80-87	Pontiac Bonneville, Grand Prix, Cutlass 442
6003	88-91	C-1500 (with 1" rotor) 2" Spindle Kit
6007	88-98	C-1500 & 2500 Light Duty, 90-04 454 SS 95-99 Tahoe/Yukon 92-8 Suburban (with 1.25" rotor) 2" Spindle Kit
6004	79-81	Camaro/Firebird
6009	70-78	Camaro/Firebird
NEW! 6010	07-08	GM C-1500/Tahoe/Yukon/Denali/Escalade/Avalanche 2" Front Spindle Kit - fits all GMT900 (Patented)

## Coils - Powder Coated

Part #	Year	Application
1022	82-04	S-10 4 Cyl. 1" Coil, 6 Cyl. 2" Coil Kit
1023	82-04	S-10 4 Cyl. 2" Coil, 6 Cyl. 3" Coil Kit
1025	82-04	S-10 4 Cyl. 3" Coil Kit
1026	73-87	C-10, 73-90 1/2 Ton Jim/Blz/Sub 3" Coil Kit
1027	73-87	C-10, 73-90 1/2 Ton Jim/Blz/Sub 2" Coil Kit
1030	88-98	C-1500 & 2500 Light Duty, 90-94 454SS 92-98 Suburban, 95-99 Tahoe 2WD 2" Coil Kit
1033	94-01	Ram 1/2 Ton 6010 GVW 2" Coil Kit
1035	94-01	Ram 1/2 & 3/4 Ton 6400 & 7500 GVW 2" Coil Kit
1043	99-06	C-1500 Ext Cab/Short Bed 2" Coil Kit (07 Classic)
1044	99-06	C-1500 Reg Cab 2" Coil, Ext Cab/Short Bed 3" Coil Kit (07 Classic)
1036	97-03	F150 & 97-02 Expedition 2" Coil, 2004 Lightning 1" Coil Kit
1038	97-03	Dakota V8/

## Shackle Kits - Powder Coated

Part #	Year	Application
91141	88-98	C1500/2500/3500 1" Leveling Shackle
91142	02-08	Dodge Reg Cab/Quad Cab 2WD/4WD 1500 1.5" Kit/QC SRT-10
91153	99-06	C-1500 Reg Cab Short/Long Bed 2" Shackle Kit (07 Classic)
91156	99-06	C-1500 Ext. Cab Short Bed 2" Shackle Kit (07 Classic)
19659	99-06	C-1500 Carrier Bearing Relocator Kit (07 Classic)
91143	88-98	C-1500/2500 LD, 90-94 454 SS, 89-04 C-3500/2500 HD 2" Shackle Kit
91144	73-87	C-10, 73-90 1/2 Ton Jim/Blz/Sub, 992-98 Suburban 1/2 Ton 87-96 F-150, 2" Shackle Kit/2004-2005 Tundra 2"
91146	94-01	Ram 1/2 & 3/4 Ton 6010 to 7500 GVW 2" Shackle Kit
91148	97-03	F150 PU & Lightning 99-04 2" Shackle Kit
91155	88-06	GM Reg Cab/Crew, 94-01 Ram, 97-03 Ford F150 2" Shackle Kit/Rubber Bushings (OEM Style) (07 Classic)
91200	04-08	F-150 2" Lowering Shackle, 2004/06 4WD 1.5" Kit (Kit includes rear pinion wedge)
91201	04-08	Ford F-150 2" Shackle Kit with OEM Rubber Style Bushing
91202	02-05	Toyota Tundra 1" Lowering Shackle
91208	07-08	GM Silverado/Sierra C1500 Crew Cab/Ext Cab 2WD/4WD 2" rear shackle kit
91209	07-08	GM Silverado/Sierra C1500 Reg Cab/Ext Cab 4WD 2.5" rear shackle kit (Kit includes shackles, ubolts, wedges)
91210	07-08	GM Silverado/Sierra C1500 Reg Cab 1.5" rear shackle kit (Kit includes shackles & wedges)

## Hanger and Shackle Kits - Powder Coated

Part #	Year	Application
91137	73-87	C-10 4" Hanger/Shackle Kit
91191	99-06	C-1500 Reg Cab Short Bed 4" Hanger/Shackle Kit
91192	99-06	C-1500 Ext Cab Short Bed 4" Hanger/Shackle Kit
91193	99-06	C-1500 Hanger Kit Only (Will not work on long bed)
91138	88-98	C-1500/2500 LD, 90-94 454 SS, 4" Hanger/Shackle Kit
91140	88-98	C-1500/2500 LD Hanger Kit Only
91149	97-03	F150 Pick UP 4" Hanger/Shackle Kit
91197	97-03	F-150 Hanger Only (Add on to shackle kit for 4" Drop) (works w/2004 old body style Herriatage Edition)

## Block Kits - Powder Coated / Solid Iron

Part #	Year	Application
110		Universal 2" Block Kit
120		Universal 3" Block Kit
91122	97-03	Dakota RT with 3.5" OD rear axle 2" Block Kit
91123	97-03	Dakota with 3" OD rear axle 2" Block Kit
91124	97-03	Dakota with 3" OD rear axle 3" Block Kit
0100	82-04	S-10 1" Block Kit
91127	82-04	S-10 2" Block Kit
91128	82-04	S-10 3" Block Kit
91198	04-07	Canyon/Colorado 2" Rear Lowering Kit Z-85 Susp. Only
91199	04-07	Canyon Colorado 3" Rear Lowering Kit Z-85 Susp. Only
91203	04-07	Canyon Colorado 2" Rear Lowering Kit Z-Q8 Susp. Only
91205	06-07	H3 Hummer 2" Rear Lowering Kit

For nearly three decades, Ground Force company founders have been fiercely committed to developing the finest suspension kits and components available. The current product line is the result of those years of dedication and intensive efforts.

Use an inferior-quality lowering kit and you could turn your best ride into your worst nightmare. Driveline alignment, tracking, handling and ride quality could be severely compromised.

Small bumps could send shock waves up your spine. And chassis vibration could become the new soundtrack to your life. But do it right, and the results will astound you.

Authentic Ground Force Lowering Suspension Systems are engineered to enhance ride quality while radically improving handling and performance. The entire system is precision tuned and load tested to eliminate vibration and harshness, and optimize sporting characteristics. And to keep it simple, our single-part-number box contains everything needed to complete your drop, without cutting or welding.

Any lowering kit can make your truck look good. But after the pictures, you have to live with the choice you make.

It's your ride. Lower it right.

Designed. Engineered.  
Manufactured in the USA. 

[www.groundforce.com](http://www.groundforce.com) • 724-430-2068 • Fax 724-430-2075

Limited Lifetime Warranty on all products.  
All Kits 2WD unless specified.  
All Kits include shocks unless specified.  
One year warranty on all shocks.

**WARNING:** Modifying an original equipped vehicle will result in a vehicle handling differently. All types of suspension modifications will affect reaction, ride, handling and wear and tear rate of a vehicle and its components. Abrupt maneuvers, sharp and sudden turns and weather conditions will increase the vehicle's susceptibility for loss of control. Death and serious injury could be the result if you fail to operate a modified vehicle safely. Know and follow the laws of the states.

Tire smoking horsepower and style sums up a Lightning! Complement those with Ground Force's assortment of lowering kits. Lower your center of gravity and get the look you need and crave without sacrificing ride or launch. Hit the ground running with Ground Force!

The New F-150 is a hit and its slick lines scream to be lowered. Ground Force does it right with a coil, flip kit and bump stops, or rear leaf springs set up which include our specially tuned, high-pressure nitrogen gas charged shocks. Put them together for a whole new look and the boulevard will never be the same.

Shock Features

- High Pressure Nitrogen Gas Charged - For improved ride and handling - helps maintain tire to road contact by reducing aeration.
- 1-3/8" Bore - More optimal operating pressures than standard 1" bore units.
- Urethane Bushings - Longer lasting and more durable than rubber bushings.
- 10-Stage, Full Displaced Valving - Better valving range on both the compression and extension cycles of the unit for a smooth, comfortable ride.

Ground Force nitrogen gas charged shocks are designed, engineered and manufactured to critical quality standards for optimum performance.

These high pressure gas charged units are specially valved-per-application so you can be sure they're precision matched to your vehicle.

- Internal Bump Stops - Cushions full rebound impact.
- Sintered Iron Piston - Helps eliminate fluid "by-pass" of piston valving.
- 5/8" Diameter Rod - Heavy-duty rod for consistent control and longer service life. With nitrocarburizing surface treatment on piston rods.
- 2-3/8" Reserve Tube - (when space allows) More fluid for more consistent performance.
- Unique Seal - Designed to retain gas charge without excessive wear or friction between rod and seal.
- Double Arc Weld - For greater strength and lasting durability.

Optional Shock Boot (Black) 1 Pair #2152

Featured In  
New Ram

REAR 6" RELOCATOR KITS & 4.3" RAM

Patent No. 5,599,038  
The 4.3" Squeezer kit consolidates the leaf spring pack, axle perch and rear axle into one strong unit, held or "squeezed" together with new upper and lower 1/4" steel spring plates and 5/8" grade 5 bolts. Components are constructed of high strength low alloy steel and are coated for lasting durability. (No C-Notch necessary for 4.3" kit.)

REAR KITS 2" 3" 4"

91141 Shorty Shackle to fine tune vehicle stance  
91142 Shorty Ram  
Ground Force Hanger and Shackle kits are custom designed to relocate the leaf springs to a higher position, and will allow you to lower in combinations up to 4". Kits are completely removable and replaceable for easy bolt-on installation, and come complete with all necessary hardware, instructions, poly bushings, and emergency brake cable bracket (if needed). All brackets are powder coated for durability.

Iron  
Blocks

COILS & BLOCK KITS

Are available in 1", 2" and 3".  
(Includes U-Bolts)  
Precision engineered coil springs are designed to work with or without Ground Force spindles to provide 1-3" of additional drop. Coils are hot wound for precise fit, quenched, shot peened and powder coated for sleek looks and corrosion resistance.

All Ground Force blocks are made of super-strength ductile iron. 1" block mild steel.

NEW!

HD TORSION KEYS

Ground Force offers our exclusive precision re-indexed leveling torsion bar keys. When applicable, these keys allow vehicles with front torsion bars to be lowered/leveled while maintaining alignment specs and a quality ride. Find these quality ductile iron keys in complete kits or as individual components.

REAR LEAF SPRINGS

Ground Force offers both mono-leaf and multi-leaf lowering rear springs for today's most popular trucks. Our mono-leaf springs provide maximum drops while maintaining good ride characteristics. Our multi-leaf design provides maximum drops at an economical price. Quick and easy installation compared to other methods of lowering. All springs are replacement springs with lowered ride height.
