

# MAXXGRIP® GLADHANDS

THE INNOVATIVE GLADHAND FOR SAFER & MORE COMPLETE CONNECTIONS

## FEATURES & BENEFITS

The design of the MAXXGrip combines a gladhand and grip into one piece. This built-in, ergonomic handle **provides leverage** for easier coupling and **reduces the chance of kinking** airlines. It also eliminates the potential of an air leak between gladhand and grip. Plus, the integrated hex at the base makes installation easy.

### Anodized Aluminum MAXXGrip™

- Superior Salt Spray Resistance for Harsh Winter Conditions
- Lightweight, Durable Aluminum Body with Stainless Steel Wear Plate
- Color-Coded Clamp for Simple Line Identification
- Full-Face Black Rubber Seal

### Powder-Coated Cast Iron MAXXGrip™

- Durable Cast Iron in a Single-Piece, Solid-Body Design
- Long-Lasting Polyurethane Seal
- Full-Body Powder Coating for Extra Protection & Easy Line Identification

Anodized MAXXGrip™ Gladhands Stand Up to Harsh Winter Weather and Damaging Road Salt
